Re: Disciplinary Complaint

Dear Mr. Jensen,

We, the undersigned, are the designated members of the permanent judicial commission pursuant to D-10-0303 c. We have considered your petition and the response but have been faced with a factual issue regarding the statement in your July 26, 2002 certified letter that "At no time was I offered the opportunity to present testimony to the Investigating Committee." A copy of your July letter is attached hereto.

We also have a copy of a letter sent to you dated April 12, 2002 by Rev. John Kazanjian, Chair of the Investigating Committee, a copy of which is attached, inviting you to present testimony and suggesting specific dates and times for the presentation of your testimony. The letter also offered to arraign for alternative dates if the dates suggested were not convenient for you. This letter was sent by certified mail, return receipt requested. We are enclosing a copy of the certified mail information, which includes a copy of the return receipt bearing what appears to be your signature as "addressee."

Your letter of July 26, 2002, referred to above, makes no mention of the invitation extended in the Investigating Committee's certified letter to you. Although we are not handwriting experts, the signature on the receipt appears to be the same as your signature to your July 26, 2002 letter.

We would appreciate your addressing this factual conflict.

Very truly yours,

Rev. Mary D. Gaut

Thomas B. Eastman
